

Exciting things are happening in Year 2!

Re-creating the Great Fire of London

This week, the children have been making models of Tudor houses from boxes ready to recreate the events of the Great Fire of London. We plan to complete this activity next Tuesday, weather permitting.

The purpose of this is for the children to see how the fire spread and why it spread so quickly. It will provide a good opportunity for us to talk to the children about fire safety.

We would like to reassure you that vigorous risk assessments have been carried out in order for us to carry out this activity and at no time will the children be in a position which would be unsafe. The children will be able to watch the fire from a distance whilst our Forest School leader, Miss Hall, demonstrates how a fire can spread using our Pudding Lane model. This is something that has been done previously here at Kingshurst and in other schools. It is something we believe the children will both enjoy and learn a lot from.

If you do have any questions or queries, please do not hesitate to speak to a member of the Year 2 team.

Thank you for your continued support.
