Make your own Gruffalo Christmas tree decorations!

The Gruffalo and the Gruffalo's Child have been working very, very hard to make the Gruffalo cave look really festive. They are most pleased with their Gruffalo Christmas tree decorations. Maybe you would like some for your Christmas tree? Follow these simple instructions and make your Christmas tree the best-dressed tree in town!

DIRECTIONS:

1. Colour in or paint the picture of the Gruffalo and Gruffalo's Child.
2. Stick it on some thin card.
3. Carefully cut around the dotted lines.
4. Using a kitchen skewer or a nail (ask an adult to help!), carefully pierce a hole in the top of the picture through the little circle.
5. Cut a 20cm length of sparkly thread or string, thread it through the hole and then tie it into a large hoop.
6. To make your Gruffalo tree decoration look really Christmassy, you can cover it in glitter!
7. Hang your decoration from one of the branches on your Christmas tree.

Repeat as many times as you like, so your tree is FULL of Gruffalos!
