A sample of Comments

I am happy with the progression my child had in these few months at school, in terms of education, discipline, creativity and friendship. The only suggestion I would love to make is that I would love to have a more often feedback on the progression of my child. To know how he is improving in certain disciplines and what I can do to help him in the journey

We are lucky and happy to join this school

I am very happy with everything thanks lot

Kingshurst is a great school

I would just like to say how much I appreciate the support my child receives whilst at school he has come on so much since the start of the year

Of course it's understandable with the covid situation that after school clubs aren't as often as previously, but it would be lovely to see more options available

It would be nice to see more photos of what the kids are doing in class dojo

I would like to know the curriculum a bit more, I feel like I don't know what my daughter is being taught

My child is in year 2 and it would be good if there were sports/musical instruments after school clubs
