The UK is made up of four countries.

Kingshurst is located in central England

What are the seasons like in the UK?

Climate

The climate is **the normal weather over time**. The climate is like the weather but **over a long time**.

Weather

The weather includes **changes in temperature, the wind, the rain and much more**. The weather can change **daily**.

spring

summer

autumn

winter

Where a place is on the planet will affect its weather and climate. The closer a country is to the equator, the hotter the climate! Some places have warm climates, neither too hot nor too cold. This is because they aren't close to the equator or the North or South Pole.

What are the features?

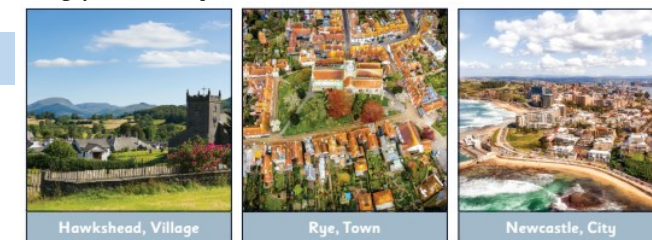

Human Features

Physical Features

Types of settlement

There are three types of settlement—villages, town and cities.
